## Decorative Wooden Sled Pattern

## Legal Info

This pattern was created by Dan Collins and can be downloaded by visiting <https://www.homediyfun.com/diy-decorative-sled/>

Rights to this pattern belong to Dan Collins. You can download, print, and have fun building this project for your personal use.

You can not sell this pattern.

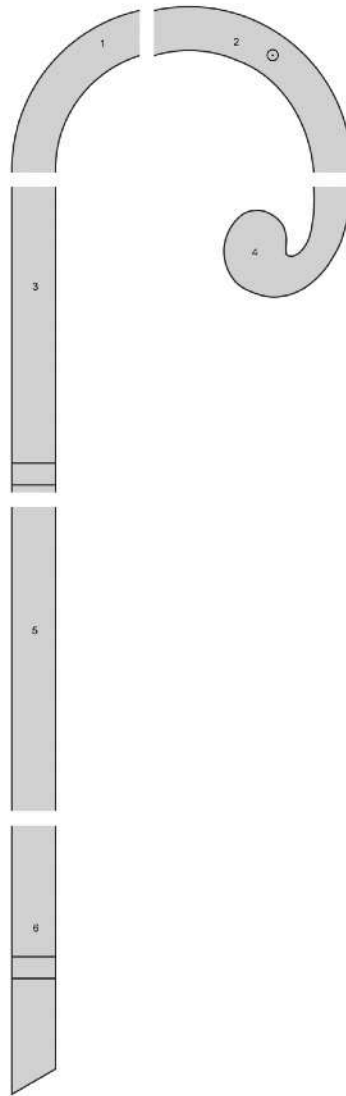

## Instructions

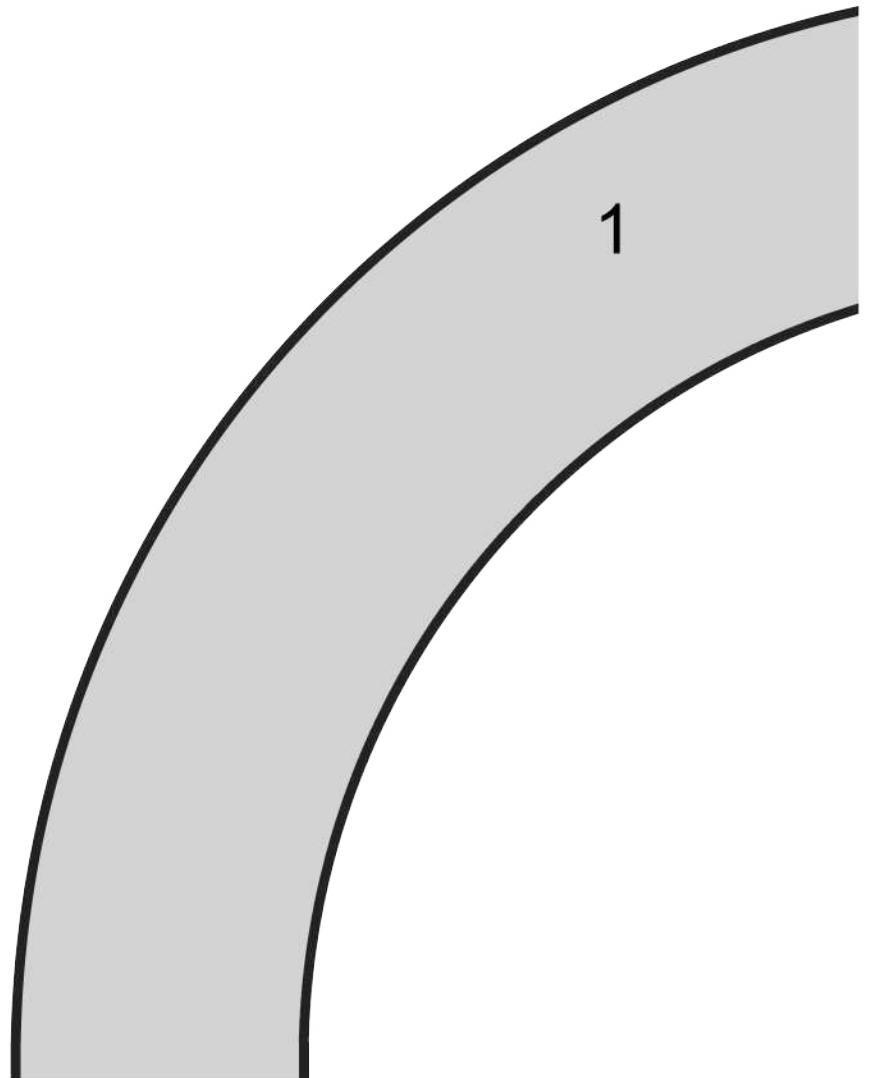

1. Print each page of the pattern. Be sure to print the pages at “Actual size” or scaled to 100%. Margins are set to 0.25 inches.
2. Once printed, you’ll need to match up all the pieces of the pattern and tape together. After the pattern pieces are attached together, you can attach the patterns to your wood and cut.

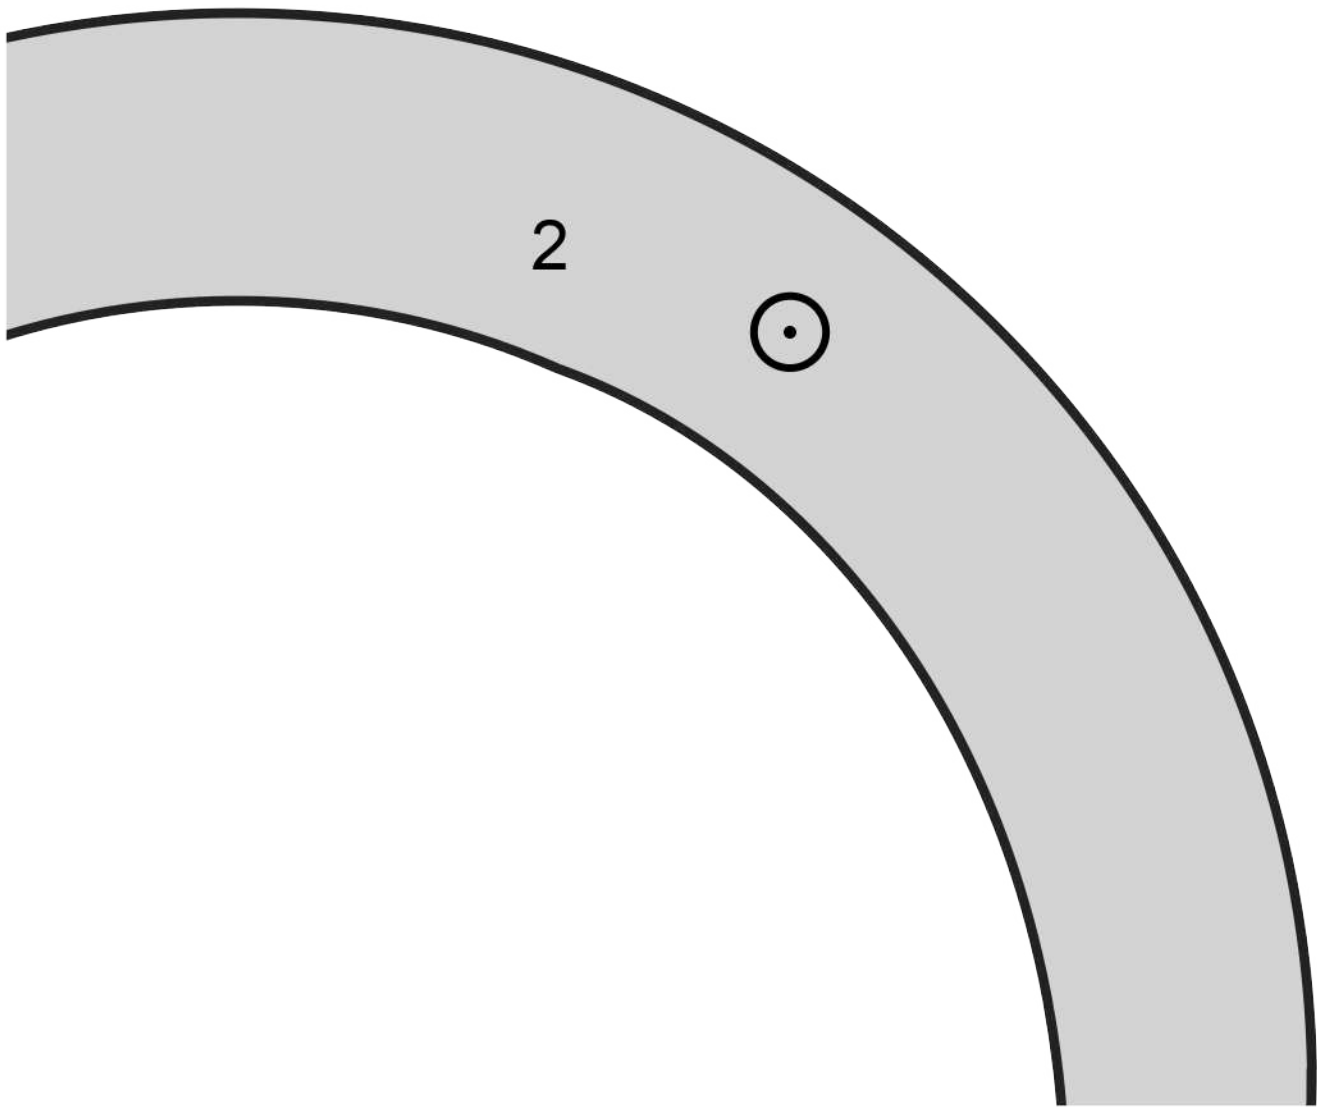

**For complete instructions and to see how I built mine, you can visit <https://www.homediyfun.com/diy-decorative-sled/>**

## Sled Rails

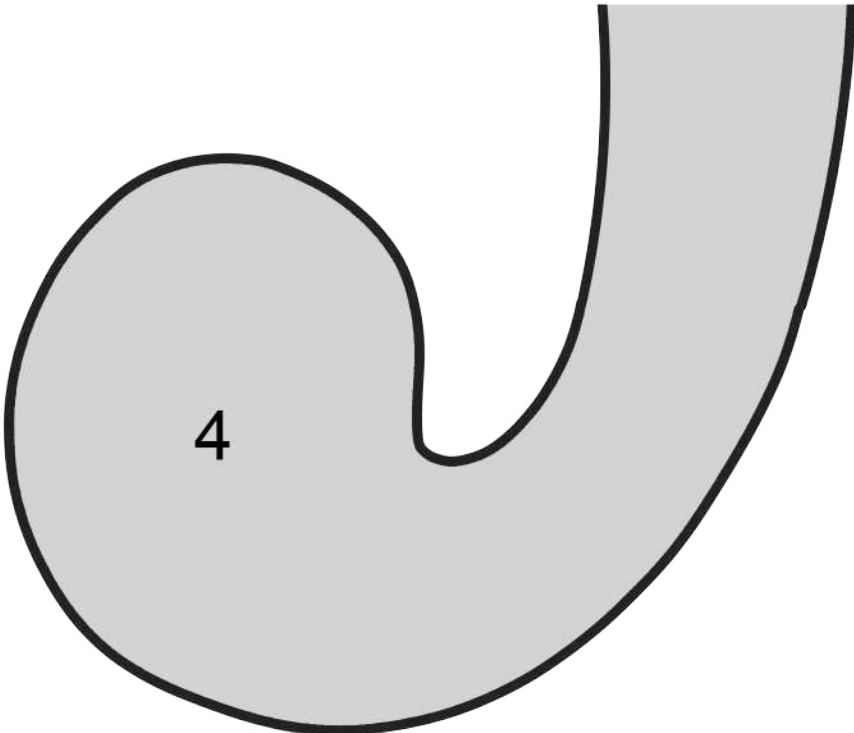

The next 6 pages contain the sled rails and will need to be pieced together. The pattern should look like the image below.

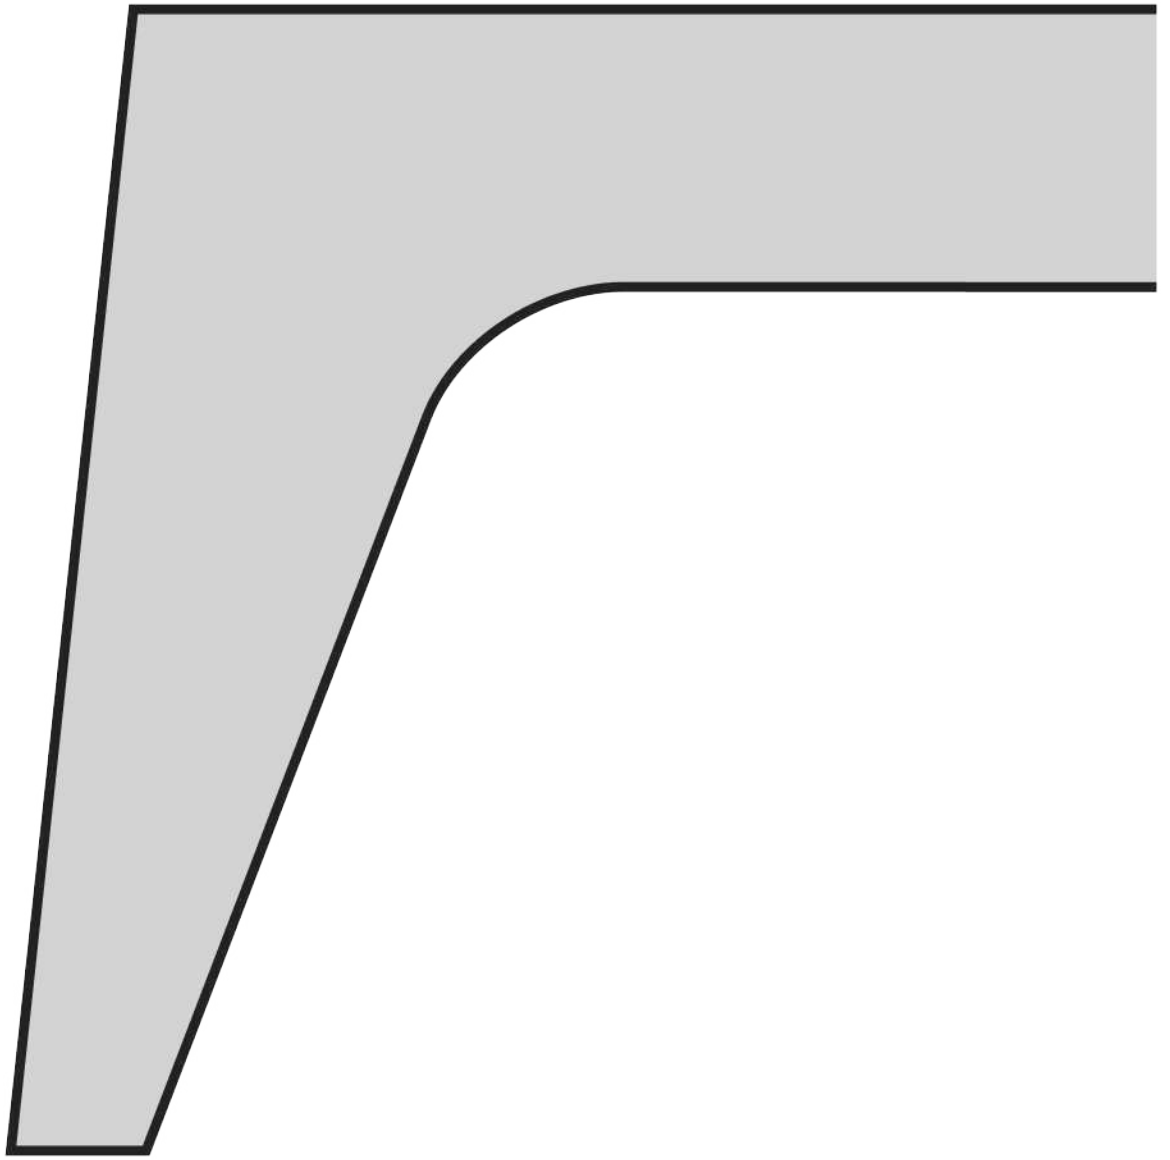

5

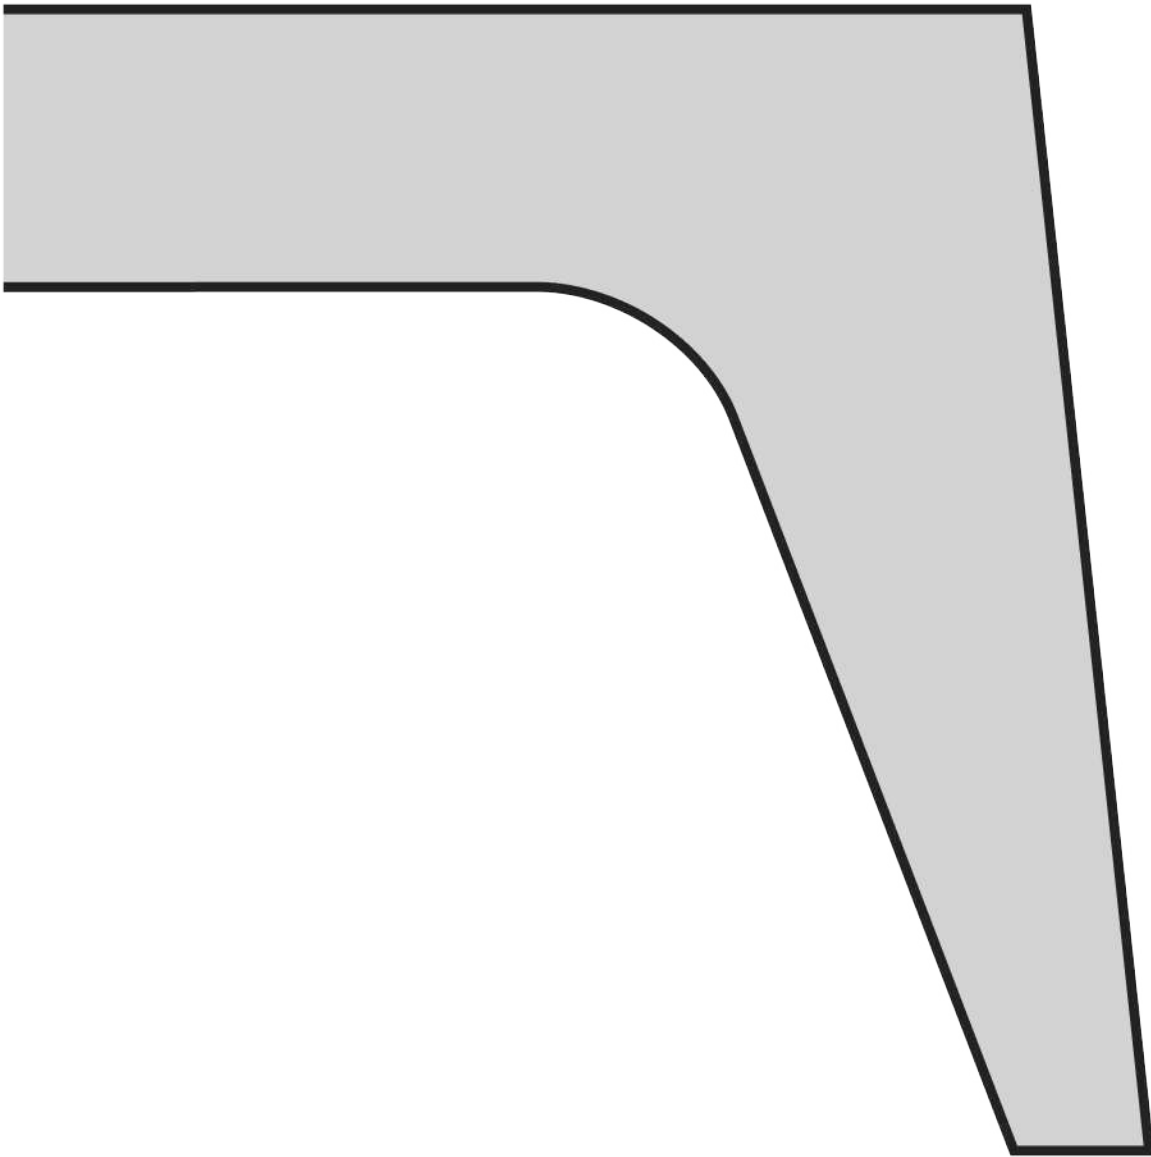

## **Seat Supports**

The next 2 pages contain the seat supports that will attach to the rails.

Additional pieces needed for the seat and front rod.
